CIBC Fixed Income Pools

Redefining core fixed income

The need—a holistic fixed income solution

In today's uncertain and low-yield environment, ensuring portfolios have the fixed income exposure needed for success is challenging - managing volatility is as important as generating positive returns.

A straightforward approach makes sense—one that consolidates fixed income investments in an efficient and cost-effective core solution that's actively managed.

The answer—CIBC Fixed Income Pools

CIBC Fixed Income Pools provide access to advanced bond strategies in a simple, one-ticket solution. Managed by CIBC Asset Management and leveraging portfolio managers from around the world, these actively managed pools aim to deliver client outcomes ranging from regular income to modest capital appreciation over time. Particularly well-suited for core bond allocations, the CIBC Fixed Income Pools can be used consistently across a large number of client accounts.

Benefits:

- Built in rebalancing and tactical management
- Multiple pool options to reflect different client needs
- Improved risk/return benefits for a smoother investment journey
- Ease of administration with consolidated tax reporting
- Servicing materials to support client conversations

A redefined core fixed income solution

CIBC Fixed Income Pools are composed of a diverse mix of mutual funds and exchange-traded funds (ETFs) and are designed to deliver better risk adjusted returns and attractive yields.

Conservative Fixed Income Pool

■ Short-term debt	50%
■ Canadian, global government and corporate debt	35%
■ High yield and multi-sector debt	7%
■ Emerging market debt	7%
■ Currency	1%

Emphasizes shorter-term, investment-grade Canadian bonds. Exposure to some global investment-grade, high-yield, emerging market debt and currencies are included to improve the pool's risk/reward profile.
